* Made with no-added formaldehyde resin.

With Glacier Green and Glacier Clear, you get an engineered wood panel prized by woodworkers and construction professionals for exceptional qualities including:

- An unblemished surface optimized for painting and laminating
- A homogeneous fine fiber core
- Smooth machined profiles and edges
- Exacting tolerance standards
- Light consistent color

Our customers benefit from rapid machine throughput speeds, extended cutting tool life and fewer finishing steps to achieve superior results.

Available in a thickness range of 0.063" to 1.5" (1.6 mm to 38.1 mm).

The Sustainable Forestry Initiative guides our commitment to practice sustainable forestry on all Plum Creek timberlands. www.sfiprogram.org
